DIY Handprint Flower Bookmarks

Materials needed:

Large popsicle sticks
Washable paint
Craft scissors
Foam sheets
Glue
Marker

Instructions:

- 1) Paint the popsicle sticks completely green. Repeat for each bookmark that you want to make. Set them aside to dry completely
- 2) While your green popsicle sticks are drying, trace your hand on your choice of coloured foam sheet and cut them out. You should trace one hand for every bookmark you want to make. You should also cut out some leaves out of a green foam sheet too.
- 3) Glue your handprint on the top part of your large green popsicle stick.
- 4) Glue your leaf, sticking out from the middle of your popsicle stick, Add any other decorations at this point if you wish....maybe some glitter or a little bumblebee!
- 5) Set your handprint flower bookmark aside to dry completely before using it.
